Education

- Ed. D., University of Michigan, Ann Arbor, 1990.
School of Education, Program in Curriculum, Teaching, and Psychological Studies.
Major field: Science Education. Minor field: Educational Technology.
Dissertation: Semi-automated Data Analysis using Sequence Comparison Algorithms:
Computer-assisted Problem Solving with Graphs.
Advisor and Dissertation Chair: Prof. Carl F. Berger.
- A. B., *cum laude* in general studies, Harvard University, Cambridge, MA, 1982
Field of concentration: Geological Sciences.
Advisor: Prof. Stephen Jay Gould.

Westhill High School, Stamford, CT, graduated 1977.

Experience

- Graduate Coordinator for Science Education Programs, 2002-2012, 2014-present
Associate Department Head, 2012-2014
Program Coordinator for Science Education, 2012-2014
Associate Professor, 1996-present. Date of appointment: Sept. 18, 1996.
Assistant Professor, 1990-1996.
College of Education, University of Georgia, Athens.
Department of Mathematics and Science Education, 2004-present.
Science Education Department, 1990-2004.
- Courses taught:
- Middle School Earth/Life Science Teaching (undergraduate level)
 - Middle School Physical Science Teaching (undergraduate level)
 - Physical Science [content] for Middle School Teachers (undergraduate level)
 - Science for Early Childhood Education (undergraduate level)
 - Technology in Science Teaching (undergraduate/master's level)
 - Internship in Science Education (Student Teaching; undergraduate/master's level)
 - Curriculum Planning in Science Education (master's/specialist level)
 - Introduction to Research in Science Education (master's/specialist level)
 - Technology in Science Education (specialist/doctoral level)
 - Science, Technology and Society (STEM Integration) (master's/specialist level)
 - Research Seminar in Science Education (doctoral level)
 - Science Curriculum Theory and Practice (doctoral level)

Major current research interests:

Teaching of historical geology and evolutionary biology
Middle school science teaching and teacher education

Teaching Assistant, 1987-1989.

School of Education, University of Michigan, Ann Arbor.

Courses taught:

Research and Educational Practice (graduate level)

Supervisors: Profs. Valerie Lee, Carl Berger.

Intellectual History of Education I and II (graduate level)

Supervisors: Profs. David Angus, Frederick Goodman, Samuel Meisels.

Research and Teaching Assistant, 1986-1990.

Office of Instructional Technology, University of Michigan, Ann Arbor.

Computer Applications Program, Detroit Public Schools.

Supervisors: Prof. Carl Berger (UM), Ms. Billie Jean Edwards (DPS)

Computer Curriculum Coordinator, 1985-1986.

Science Department, The Agnes Irwin School, Rosemont, PA.

Joseph Klingenstein Fellow, summer 1985.

Teachers College, Columbia University, New York, NY.

Science Teacher, 1983-1986.

The Agnes Irwin School, Rosemont, PA.

General Science, Earth Science, Physical Science, Geology; Grades 5, 7, 9, 11 & 12.

Coach, High School Soccer Club.

Middle School Teacher, 1982-1983.

Breck School, Minneapolis, MN.

General Science, American History, Grade 5 & 6.

Coach, High School Girls Junior Varsity Soccer, Middle School Intramural Program.

Research Assistant, 1979-1981.

Department of Invertebrate Paleontology, Museum of Comparative Zoology.

Harvard University, Cambridge, MA.

Supervisor: Prof. Stephen Jay Gould.

Undergraduate Research Fellow, summer 1979.

Department of Invertebrates, American Museum of Natural History, New York, NY.

Supervisor: Dr. Niles Eldredge

Tutor, 1977-1980.

Harvard-Roxbury Schools Program, Roxbury High School, Boston, MA.

All subjects, primarily Mathematics and English.

Major National and International Conference Presentations

Wenner, J., & Jackson, D. F. (2012, January). *Oral interviews as a final exam format for a science methods course*. Paper presentation at the Annual Meeting of the Association for Science Teacher Education, Clearwater, FL.

- Jackson, D. F., Shen, J., Wenner, J., & Britton, S. (2011, January). *Collaborative activities for science content courses and methods courses for preservice middle school science teachers*. Roundtable session conducted at the Annual Meeting of the Association for Science Teacher Education, Minneapolis, MN.
- Jackson, D. F., & Shen, J. (2011, January). Syllabus sharing: Paired, team-taught, content-specific methods and science courses for prospective middle school teachers. Poster presentation at the Annual Meeting of the Association for Science Teacher Education, Minneapolis, MN.
- Jackson, D. F., & Dike, J. (2009, April). *An ordinal, three-dimensional model for the interaction of evolution, creationism and their teaching*. Paper presented at the Annual Meeting of the American Educational Research Association, San Diego, CA.
- Thomson, N. F., Adams, J., O'Dell, S., Chapman, S., Jackson, D. F., & Magner, J. (2008, April). *Hominid evolution: Theory, facts, and "tales" from the field*. Special symposium presented at the Annual Meeting of the National Association for Research in Science Teaching, Baltimore, MD.
- Jackson, D., Jones, L., Thomson, N., Dike, J., & O'Dell, S. (2007, April). *The "other" literature of evolution/creationism and a serious attempt at its application*. Special symposium presented at the Annual Meeting of the National Association for Research in Science Teaching, New Orleans, LA.
- Thomson, N., Koopman, R., Chapman, S., & Jackson, D. (2006, April). *Scaffolding students' knowledge of inquiry through use of Virtual Gorilla Modeling*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, San Francisco, CA.
- Hembree, P., Jackson, D., & Thomson, N. (2006, January). *Alvarez' T. Rex and the Crater of Doom: Potential for integrating narrative history of science into teacher education*. Book discussion session conducted at the annual meeting of the Association for the Education of Teachers in Science, Portland, OR.
- Wheeler-Toppen, J., Wallace, C., & Jackson, D. (2005, April). *Measuring scientific literacy in undergraduate biology students*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Dallas, TX.
- Kim, T.-K., & Jackson, D. F. (2004, April). *Scientific understanding through reading college science textbooks: A self-study*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Vancouver, BC.
- Jackson, D. F. (2004, January). Oral interviews as a final examination format for a science methods course. In Wieseman, K., *Assessment practices that put the preservice teacher in the driver's seat*. Interactive discussion session presented at the annual meeting of the Association for the Education of Teachers in Science, Nashville, TN.
- Jackson, D. F. (2003, April). The Shipman/Jordan model for introducing the relationship between science and religion: Commentary from one perspective and possible extensions. In Kittleson, J., *Science and religion in the context of science education*. Symposium presented at the annual meeting of the National Association for Research in Science Teaching, Philadelphia, PA.

- Jackson, D. F. (2003, April). Beyond evolution and creationism: Critically considering the claims of scientific and religious ways of knowing in educating the “whole child.” In Jones, L., *Rethinking the evolution/creation controversy: Epistemological alternatives*. Symposium presented at the annual meeting of the National Association for Research in Science Teaching, Philadelphia, PA.
- Peiffer, B., Jackson, D. F., & Tsoi, M. (2003, January). *Inservice teacher education in technology: An entire high school faculty as a three-year case study*. Presentation at the annual meeting of the Association for the Education of Teachers in Science, St. Louis, MO.
- Jackson, D. F. (2002, January). *Science teacher education in electronic technologies: Addressing our “Failure to Connect” in many senses*. Paper presented at the annual meeting of the Association for Education of Teachers in Science, Charlotte, NC.
- Jackson, D. F. (2000, April). *Sifting the relationship between personal and professional beliefs and practices with regard to evolution and religion: Three years of feedback from prospective middle school science teachers*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, New Orleans, LA.
- Jackson, D. F. (2000, January). *Issues (and non-issues?) in gender equity in preservice science teacher education*. Interactive session held at the annual meeting of the Association for Education of Teachers in Science, Akron, OH.
- Jackson, D. F. (1999, April). *Issues (and non-issues?) in gendered interactions among students and instructors in preservice science teacher education courses*. Paper presented at the International Gender and Science Education Conference, Boston, MA.
- Chun, S., Oliver, J. S., Jackson, D. F., & Kemp, A. (1999, March). *Scientific literacy: An educational goal of the past two centuries*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Boston, MA.
- Li, H., Oliver, J. S., Jackson, D. F., and Tippins, D. (1999, March). *A technique for the identification of an operational definition for scientific literacy*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Boston, MA.
- Kim, T.-K., & Jackson, D. F. (1999, March). *Principles for the design and use of simulations in science learning as exemplified by a prototype microworld*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Boston, MA.
- Jackson, D. F. (1999, March). *Teaching about evolution and historical geology in the context of middle school teacher education: Sifting the relationship between personal and professional beliefs and practices*. Contribution to an interactive symposium presented at the annual meeting of the National Association for Research in Science Teaching, Boston, MA.
- Meadows, L., Jackson, D. F., & Doster, E. C. (1998, November). *Talking about evolution so fundamentalist students will listen*. Paper presented at the Southern Area Convention of the National Science Teachers Association, Birmingham, AL.

- Clark, S. A., & Jackson, D. F. (1998, April). *Laboratory technology and student motivation in a conceptual physics classroom: A year-long case study*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, San Diego, CA.
- Jackson, D. F., Mewborn, D. S., & Wieseman, K. C. (1998, April). *Issues in the development of an approach to gender equity in middle school science teacher education*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, San Diego, CA.
- Jackson, D. F. (1997, April). *The Internet as a science resource for rural middle schools: A critical evaluation*. Paper presented at the annual meeting of the National Science Teachers Association, New Orleans, LA.
- Jackson, D. F., Meadows, L., & Doster, E. C. (1997, April). *Talking about evolution so fundamentalist students will listen*. Paper presented at the annual meeting of the National Science Teachers Association, New Orleans, LA.
- Doster, E. C., Jackson, D. F., & Oliver, J. S. (1997, March). *Moving toward a richer understanding of students' interactions with dissection: Implications from an interpretive study*. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Oak Brook, IL.
- Jackson, D., Baird, W., & Peters, J. (1997, January). *"Technological Literacy" for science teachers: Toward a theoretical grounding that holds up in practice*. Interactive panel discussion presented at the annual meeting of the Association for Education of Teachers in Science, Cincinnati, OH.
- Doster, E. C., Jackson, D. F., Oliver, J.S., crockett, D. K., & Emory, A. L. (1997, January). *Values, dissection and school science: An inquiry into students' construction of meaning*. Paper presented at the annual meeting of the Association for Education of Teachers in Science, Cincinnati, OH.
- Tippins, D., Nichols, S., Staver, J., Abell, S., & Jackson, D. (1997, January). *Thinking like a teacher: A conversation on considering the professional development of science teacher educators within a climate of reform*. Interactive panel discussion presented at the annual meeting of the Association for Education of Teachers in Science, Cincinnati, OH.
- Jackson, D. F., Bourdeau, G., & Hagen, T. J. (1996, April). *Internet resources for middle school science: Golden opportunity or silicon snake oil?* Paper presented at the annual meeting of the National Association for Research in Science Teaching, St. Louis, MO.
- Veal, W. R., Jackson, D. F., Tippins, D. J., & Crockett, D. (1995, November). *Alternative and supplemental definitions of "technology:" Science educators' answers to "So what?"* Paper presented at the Third International Conference on the History and Philosophy of Science and Science Teaching, Minneapolis, MN.

(1990, April). *Using technology to interpret large-scale complexity: The use of scientific sequence analysis algorithms in research on computer-assisted problem solving* (ERIC Document Reproduction Service No. ED 319 594, part 3). Paper presented at the annual meeting of the National Association for Research in Science Teaching, Atlanta, GA.

Jackson, D. F., & Berger, C. F. (1990, April). *The use of sequence analysis algorithms in research on computer-assisted problem solving strategies*. Paper presented at a joint session of the annual meetings of the American Educational Research Association and the National Council for Measurement in Education, Boston, MA.

Jackson, D. F., & Goodman, F. L. (1989, October). *Bungle in the Jungle: A simulation of selective attention in situations of information overload*. Paper presented at the annual conference of the North American Simulation and Gaming Association, Indianapolis, IN.

Jackson, D. F., & Berger, C. F., & Edwards, B. J. (1989, March). *The student as grapher: Computer-assisted thinking skills*. Paper presented at a joint session of the annual meetings of the American Educational Research Association and the International Association for Computing in Education, San Francisco, CA.

Jackson, D. F., & Lee, V. E. (1989, March). *Student characteristics and advanced science course-taking: Evidence from a national sample*. Paper presented at the annual meeting of the American Educational Research Association, San Francisco, CA.

Jackson, D. F. (1988, October). *Games of statistical intuition: High-tech to low-tech*. Paper presented at the annual conference of the North American Simulation and Gaming Association, Asheville, NC.

Grants Awarded

Title: Development of a Graduate Level STEM Integration Course Using A Hybrid Delivery Model

(Coauthored and administered by Steve Oliver)

Description: Instructional Innovation Grant, College of Education, University of Georgia

Award Date: February 4, 2014

Amount Awarded: \$6000

Duration: Summer 2014

Title: Collaborative Activities for Science Content, Science Methods, and General Methods Courses for Preservice Middle School Science Teachers

(Coauthored and administered by Ji Shen)

Description: MATH + SCIENCE = SUCCESS Small Grants Program, Office of STEM Education, University of Georgia

Award Date: October 9, 2009

Amount Awarded: \$7986

Duration: Fall 2009 through Spring 2010

Title: Virtual Science Projects for Middle School Teachers and Students

(Coauthored and administered by Thomas J. Hagen, Microbiology Dept.)

Description: Model Technology Grant, State of Georgia Dept. of Education

Award Date: April 15, 1995

Amount Awarded: \$40,416

Duration: Summer 1995 through Spring 1997

Title: A Project-centered, Technology-rich, Environmentally-oriented Approach to Middle-grades Science Education: Extension to Higher and Lower Technology

(Coauthored and co-administered by Deborah Tippins)

Description: Eisenhower Act Title II Grant (Type C -- Special Project).

Award Date: Feb. 15, 1993

Amount Awarded: \$18,817

Duration: academic year 1993-94

Title: Hands-on, Minds-on Mathematics and Science Instruction as the Initiator of Reform at a Professional Development School

Description: Eisenhower Act Title II Grant (Type D -- Sustained Contact).

Award Date: Feb. 15, 1993

Amount Awarded: \$17,350

Duration: Summer-Fall Quarters, 1993

Title: Multicultural Mathematics and Science Education as a Foundation for Reform at a Professional Development School

Description: Eisenhower Act Title II Grant (Type D -- Sustained Contact).

Award Date: Feb. 15, 1993

Amount Awarded: \$14,919

Duration: Winter-Spring Quarters, 1994

Title: A Project-based, Technology-rich, Environmentally-oriented Approach to Middle-grades Science Education

(Coauthored and co-administered by Deborah Tippins)

Description: Eisenhower Act Title II Grant (Type C -- Special Project).

Award Date: March 25, 1992

Amount Awarded: \$29,979

Duration: academic year 1992-93

Title: Microcomputer Integration for Student Teaching in Science
(Coauthored and co-administered by Patricia Simmons and Deborah Tippins)
Description: Eisenhower Act Title II Grant (Type C -- Special Project).
Award Date: Feb. 15, 1991
Amount Awarded: \$23,035
Duration: Winter-Spring Quarters, 1992

Title: Georgia Science, Technology, and Environmental Problem Solving Update Project, Phase I (1991), Sustained Contact Component
(Coauthored and co-administered by Patricia Simmons and Deborah Tippins)
Description: Eisenhower Act Title II Grant (Type D -- Sustained Contact).
Award Date: Feb. 15, 1991
Amount Awarded: \$18,006
Duration: Fall Quarter, 1991

Title: Georgia Science, Technology, and Environmental Problem Solving Update Project, Phase I (1991), Workshop and Directed Study Component
(Coauthored and co-administered by Patricia Simmons and Deborah Tippins)
Description: Eisenhower Act Title II Grant (Type B -- Course Offering).
Award Date: Feb. 15, 1991
Amount Awarded: \$20,385
Duration: Summer Quarter, 1991

Title: Georgia Science, Technology, and Environmental Problem Solving Update Project, Phase I (1991), Curriculum Development Component
(Coauthored and co-administered by Patricia Simmons and Deborah Tippins)
Description: Eisenhower Act Title II Grant (Type C -- Special Project).
Award Date: Feb. 15, 1991
Amount Awarded: \$12,590
Duration: Summer Quarter, 1991

Honors and Awards

Faculty Senate D. Keith Osborn Award for Teaching Excellence, College of Education, University of Georgia, 2001.

Outstanding Teaching Award, College of Education, University of Georgia, 1999.

Journal of Research in Science Teaching Award, National Association for Research in Science Teaching, 1996.

Gustav Ohaus Award for Innovations in Science Teaching (College Level), National Science Teachers Association, 1996.

Practical Applications Award, National Association for Research in Science Teaching, 1991.

Merit Scholarship, School of Education, University of Michigan, Ann Arbor, 1986-1987.

Harvard College Scholarship, Harvard University, Cambridge, MA, 1978-80, 1981-82.

Service to Professional Organizations

American Educational Research Association

Secretary/Treasurer, Special Interest Group for Education in Science and Technology

Secretary/Treasurer, Special Interest Group for Advanced Technologies in Education

Proposal reviewer, Annual Meeting

American Educational Research Journal, Manuscript reviewer

Association for Science Teacher Education (formerly Association for the Education of Teachers in Science)

Proposal reviewer, Annual Meeting

Mentor-Mentee Program

Electronic Journal of Science Education, Manuscript reviewer

International Journal of Science Education, Manuscript reviewer

Journal of Educational Computing Research, Manuscript reviewer

Journal of Research in Science Teaching, Manuscript reviewer

Journal of Science Education and Technology, Manuscript reviewer

National Association for Research in Science Teaching

Organization of Annual Meeting

Strand coordinator

Local arrangements chair

Data processing coordinator

Proposal reviewer

Committee memberships

Annual Meeting Program

Equity

Outstanding Paper Award

Outstanding Doctoral Dissertation Award

NARST-Net

National Institutes of Health

Grant proposal reviewer

National Science Foundation

Grant proposal reviewer

National Science Teachers Association

Proposal reviewer, Annual Meeting

Curriculum materials reviewer, *NSTA Recommends*

School Science and Mathematics Association
Proposal reviewer, Annual Meeting

School Science and Mathematics, Manuscript reviewer, Software reviewer, Book reviewer

Science and Education, Manuscript reviewer

Science Education, Manuscript reviewer, Book reviewer

The Science Teacher, Software reviewer
